PROVIDING THE COMPLETE SOLUTION

PRODUCT DATASHEET

PRODUCT CODE: 900031, 900008
CATEGORY: FIXINGS & TIES

BULLET TOGGLE TIES

DESCRIPTION

Durable Bullet Toggle Ties for securely fixing scaffold sheeting and tarpaulins to scaffold structures. Manufactured from multi-stranded elastic shock cord with a high-tenacity polyester cover and a robust pointed toggle for quick, easy installation.

Also commonly known as bungees, sheeting ties, sheeting fixings or toggle ties.

Supplied in bags of 100. Available in White or Orange & Black.

FEATURES

- Multi-stranded elastic shock cord
- High-tenacity polyester outer cover
- Strong and flexible construction
- High-impact pointed piercing toggle
- Secure fixing hook
- Quick and easy to install
- Ideal for scaffold sheeting
- Suitable for tarpaulins and temporary coverings
- 100 ties per bag
- Available in White or Orange & Black

An essential scaffold sheeting accessory for providing a simple, secure and flexible method of attaching sheeting to scaffold structures.

Recommend fixings - 1 fixing per m²
